

June Holiday Programme 2024 (Katong & Potong Pasir) Primary (P1 to P5) Theme: Fun With Idioms

This June, come on a linguistic adventure at Writing Sprouts as we have **fun with idioms** in our holiday workshop series tailored for young wordsmiths.

Explore **five different themes**, from food to animal-related idioms. At each session, through **interactive and multi-modal activities**, your child will uncover the meanings behind the thematic idioms and incorporate these idioms creatively in their own original works. Depending on the number of sessions that you sign up, your child **will learn between 20 to 50 over idioms at this workshop!** Each child will take home their own **creative idiom compilation in a folio**.

At the end of this workshop, you will see your child wield idioms with confidence and flair not only in their written work, but also in their everyday communication.
